

**Invitation to the Panel Discussion
On the science of climate change
(COP15 side event Announcement)**

Japan Chemical Industry Association(JCIA) contributes to efforts to reduce greenhouse gas (GHG) emissions in cooperation with European Chemical Industry Council(Cefic) and American Chemistry Association(ACC) under the International Council of Chemical Associations (ICCA), the worldwide voice of the chemical industry. Along with such efforts, ICCA published a recent study, titled “Innovations for Greenhouse Gas Emissions Reductions”, referring to the Carbon Life Cycle Analysis (cLCA). ICCA will present the study at the booth (Hall H, Stand H-035 A) at Bella Centre in COP15 from Saturday, 12 Dec. 2009 to Friday, 18 Dec 2009. You are welcome to visit us.

A panel discussion on the science of climate change and the cLCA will be held on 17 Dec.(details below). Panelists include the science author, Prof Kandel, who published a book titled “Turning the Tide on Climate Change” largely using findings from the study of the cLCA. Please join it.

Date: Thursday, Dec.17, 2009

Time: around 12.30 to 14:00

Room: Saxo Grammaticus– Bella Centre, Copenhagen:

Panelists: W Bakker, journalist, moderator (tbc)
 K-H Florenz, Member European Parliament
 Peter Taylor, International Energy Agency
 H-U Engel, CEO BASF
 R Kandel, author of book “Turning the Tide on Climate Change”
 H Mandery, Director General Cefic
